- Implant complications and removal
- Overview of implant types and their ideal clinical indications

Saturday

8 AM

5 PM

- Live surgeries
- Place a dental implant on a live patient under surgical supervision
- Q&A and recap

Speaker: Corey Raymond DMD

Dr. Corey Raymond, DMD, graduated from Temple University School of Dentistry in 2014. With a background in chemistry and molecular biology, he has advanced dental implant surgery through innovative surgical methods and 3D-printed guides that improve precision, reduce discomfort, and speed healing. Dr. Raymond has lectured nationally on modern implant and restorative techniques and leverages strong industry partnerships to bring high-quality, cost-effective care to patients. In 2020, he founded the Academy of Modern Implants & Dentistry in King of Prussia

Speaker: Clark Brinton DMD

Clark Brinton graduated OHSU School of Dentistry as 2013 class valedictorian and served 4 years in the National Health Service Corps. In 2017 he co-founded Arvory Dental Group, which has grown to 8 locations in NW Oregon. In 2018 he founded Hero Dental Education, a PACE accredited CE provider offering online, hands-on, and live patient courses related to dental implants and digital dentistry. He has lectured nationally and internationally on the topics of digital dentistry and dental implant workflows. Clark is faculty with Dental Success Network, OHSU SOD, and a clinical site director for the Oral Implantology residency at Jacksonville University.
